Nancy Jones, wife of country legend George Jones

George and I discussed going to see Dr. Sims about my smile. George said to me "Nancy why on earth would you want to do that at your age." I told George I want to check into this new Invisalign I've seen so much about. Now I am so pleased with my beautiful smile I would recommend Dr. Sims to anyone & everyone no matter how old you are". Now George says "Age doesn't matter when it comes to your smile". Thanks to Sims Orthodontics I'm proud of my smile (and so is George!).
